# Hong Chi Sunshine Project – Social Welfare Department Pilot Scheme on On-site Pre-school Rehabilitation Services

**"The Children Come First" -  
The motto of Lady Bremridge,  
Founder of Hong Chi Association**

## Mission

"The Children Come First" is the mission of Hong Chi Sunshine Project. We are committed in serving children with special educational needs and their families. With holistic education and care, children are encouraged in developing fullest potential. We raise public awareness and acceptance of children with special needs.

## Introduction

To enable children with special needs to access the necessary training early in the prime training period, the Social Welfare Department (SWD) has launched a two-year Pilot Scheme on On-site Pre-school Rehabilitation Services in the fourth quarter of 2015. Under the Pilot Scheme, 16 multi-disciplinary service teams from the non-governmental organisations (NGOs) will offer on-site services to participating kindergartens (KGs) and kindergarten-cum-child care centres (KG-cum-CCCs) to provide early intervention to children who are on the waiting list for SWD-subsented pre-school rehabilitation services.

## Service Objectives

1. Enhance children's developmental domains, include cognition, social-emotional, speech and language, fine motor, self-care and gross motor abilities.
2. Enrich the techniques of preschool teachers in handling children with special educational needs.
3. Uplift the parenting skills of parents with children with special needs in the aspects of physically, psychologically and spiritually.

## Target Service Users
